Handmade, quality costumes, whimsical accessories and magical props are delivered to your door to add fantasy and

dramatic play to your child's next birthday party!

Our service is perfect for the parent who wants to keep their child's party personal by hosting it themselves in their home, yet is looking for something unique to add to the fun!

Our Pirate Adventure or Garden Fairy party creates magic for up to 12 children.

We have been busy developing another high quality theme that is now available!! Three Wishes and a

Wardrobe is proud to announce the addition of our La-Tea-Doll Tea Party to our family of theme party rentals.

We also supply you with game and activity ideas to further personalize your party. For older children you may want to include an art activity so we provide ideas for those as well.

Not all children are the same, so a "one size fits all" party doesn't work for everyone. At **Three**

Wishes and a Wardrobe, we will work with you to first find out what your child's wishes are and then help you grant them.

Our [Garden Fairy](#) theme would of course delight a girl who is into fairies and has a more "earthy" magical imagination.

However, if your daughter is more interested in a Barbie, Princess or Tea Party theme, we can adapt the package to your individual needs.

1) What is unique about a Three Wishes and a Wardrobe party?

In a word, FANTASY! Each party is different because the children follow their imaginations!

The handmade costumes and accessories are designed to be mixed and matched to create different looks. The props help to transform your party space into a play world that matches the theme. We provide the costumes, props, accessories, music and game and activity ideas and the children take it from there!

2) How can a party at home be made more convenient and easy?

We reduce your run-around and planning time by delivering almost all of what you need to your door. All of the costumes, props and accessories come to you, through Three Wishes and a Wardrobe. What could be easier?!

3) What make a Three Wishes and a

Wardrobe party so fun?

Picture this: A river of magical bubbles (from our electric bubble machine) flow from your front door, greeting each guest as they walk up the driveway. They already know, "This party will be different".

Once inside, they join the other giggling children in the dressing area. There they create their own look from our handmade costume separates and try out our many accessories in front of the fantasy dress-up mirror.

All the while, cheerful theme music is playing in the background. Already the children are getting into character! How long they are free to play is up to you!

We provide fabulous props for structured games, from a 4-foot pirate ship and plank to a rainbow parachute and memory game. Again, you tailor the party to fit your group. With everything we offer, the party will take on a life of its own!
